

Philanthropic Fund Award Conditions

1. DEFINITIONS AND INTERPRETATION

- 1.1. Words beginning with a capital letter shall have the meaning defined either in clause 15.1 or elsewhere in the Award Terms and Conditions.
- 1.2. The Award Terms and Conditions shall be interpreted in accordance with the provisions set out in clause 15.2.

2. AWARD

- 2.1. Subject to the Recipient's compliance with the Award Terms and Conditions, LifeArc shall make the Award available to the Recipient in the amounts, and following achievement of the corresponding Milestones, set out in part 4 of the Award Terms.
- 2.2. The Recipient may call for payment of an available amount of the Award with respect to which the corresponding Milestones have been satisfied (or waived by LifeArc) by giving a Drawdown Notice to LifeArc prior to the Milestone Date for such Award amount (as set out in part 4 of the Award Terms).
- 2.3. In the event any material breach of the Award Terms and Conditions by the Recipient (or the Lead Researcher or any individual working on the Research Program whose act or omission resulted in such material breach) is not remedied to LifeArc's satisfaction within thirty (30) days of LifeArc informing the Lead Researcher of such breach and without limiting clauses 5.1 and 11.3, the unpaid part of the Award shall cease to be available.

3. RESEARCH PROGRAM

- 3.1. The Recipient shall use the Award solely for the purposes of the Research Program. The use of the Award for any other purpose is not permitted without LifeArc's prior written approval.
- 3.2. As between the Recipient and LifeArc, the Recipient shall be solely responsible for the Research Program.
- 3.3. The Recipient shall ensure the Research Program is carried out under the direction of the Lead Researcher and in accordance with all applicable legal, health and safety, ethical and regulatory requirements (including any clinical trials registration and Clinical Practice Standards).
- 3.4. The Recipient shall ensure all approvals, consents, permissions, authorisations and licences necessary to conduct the Research Program are obtained before the Research Program activity requiring (as applicable) such approval(s), consent(s), permission(s), authorisation(s) and/or licence(s) commences.
- 3.5. Save for the Award made available to the Recipient under the Award Terms and Conditions, LifeArc shall have no obligation to contribute to the costs of, nor any other liability with respect to or arising from, the Research Program.
- 3.6. No assurance is given by the Recipient as to the ability of the Research Program to generate any Arising IP or otherwise to achieve any outcome or result.
- 3.7. The Recipient shall be free to modify and amend any aspect of the Research Program, provided that: (i) each modification or amendment (together with an updated copy of the Research Program plan) is notified to, and discussed in advance with, LifeArc; and (ii) no material modification or amendment of the Research Program may be made without the prior written consent of LifeArc. Such consent not to be unreasonably refused or delayed. Without limitation, any modification or amendment of the Milestones, objectives or

subject matter of the Research Program, or any change to the proposed use of any Arising IP, shall be deemed a material modification or amendment.

- 3.8. Where the Research Program involves the use of animals, the Recipient shall ensure:
- 3.8.1. animals are only used in the Research Program where this is essential, and the research question being addressed cannot be answered using alternative methods;
 - 3.8.2. any part of the Research Program involving the use of animals is designed and implemented so that:
 - a) the experimental design is appropriate and is likely to answer the research question;
 - b) the least sentient species with the appropriate physiology is used;
 - c) animals are appropriately housed and maintained in a species-appropriate manner that minimises stress and maximises the animals' welfare;
 - d) the number of animals used is the minimum sufficient to provide adequate statistical power to answer the questions posed; and
 - e) the severity of procedures performed on animals is kept to a minimum. To that end, experiments should be kept as short as possible and appropriate anaesthesia, analgesia and humane endpoints should be used to minimise any pain and suffering;
 - 3.8.3. all activities involving animals comply with the core principles set out in the cross-funder guidance 'Responsibility in the use of animals in bioscience research: Expectations of the major research councils and charitable funding bodies' (available at www.nc3rs.org.uk);
 - 3.8.4. all activities involving non-human primates comply with the 'NC3Rs Guidelines: Primate accommodation, care and use' (available at www.nc3rs.org.uk);
 - 3.8.5. advice is sought from NC3Rs (www.nc3rs.org.uk) and/or other appropriate animal welfare bodies in relation to the requirements set out in clauses 3.8.2 to 3.8.4 above and Recipient shall promptly provide LifeArc with details of such advice and how such advice has been implemented;
 - 3.8.6. when animals are purchased from commercial suppliers, UK suppliers are used wherever possible, to minimise the risk of suffering during transport;
 - 3.8.7. compliance at all times with the provisions of the Animals (Scientific Procedures) Act 1986 (as may be amended or supplemented from time-to-time) and any advice, guidance or requirements received from the relevant ethics committee, NC3Rs and/or other appropriate animal welfare body;
 - 3.8.8. all necessary licences, consents and approvals have been received before any work requiring such licenses, consent and/or approval is initiated;
 - 3.8.9. results arising from animal-based studies are reported in accordance with the ARRIVE guidelines (www.nc3rs.org.uk/ARRIVE) as far as possible, taking into account the specific editorial policies of the journal concerned;
 - 3.8.10. any new procedure likely to replace the use of animals in research or testing, reduce the numbers used or refine animal use for the same is promptly reported

to NC3Rs and disseminated through the usual channels to all those who might make use of it; and

- 3.8.11. any substantive changes to animal species and/or experimental design from that set out in the Application, must be notified to LifeArc, together with any advice/suggestions in relation to the same obtained from any ethics committee, NC3Rs and/or other animal welfare body, before such changes are implemented.

4. INTELLECTUAL PROPERTY

- 4.1. Nothing in the Award Terms and Conditions confers any licence or other right on LifeArc under the Background IP or Arising IP. Neither the advance of the Award to the Recipient by LifeArc nor the provision of any Confidential Information by the Recipient to LifeArc, shall confer any right under any Background IP or Arising IP on LifeArc.
- 4.2. As between the Recipient and LifeArc, the Recipient shall own all right, title and interest in the Arising IP.
- 4.3. As a charity, LifeArc is under an obligation to ensure that useful results of research it has funded (whether in whole or in part) are applied for public good. In some circumstances this may be best achieved through the protection of intellectual property and commercial exploitation. The Recipient will actively consider whether the protection, management and exploitation of Arising IP is an appropriate means of achieving public benefit and develop and implement strategies and procedures for the identification, protection, management and exploitation of Arising IP.
- 4.4. The Recipient may in its sole discretion and at its own expense prepare, file, prosecute and maintain one or more Patent Rights or other applications for statutory protection of the Arising IP and defend and enforce such rights once obtained.
- 4.5. Except as advised to LifeArc in writing before the date of the Award Letter (whether in the Application or otherwise), the Recipient confirms that it has and shall retain such right, title and interest with respect to the Background IP and Arising IP to the extent necessary to conduct the Research Program and comply with its obligations under the Award Terms and Conditions.

5. INFORMATION RIGHTS

- 5.1. The Recipient shall provide LifeArc with such accounts, receipts and other information as LifeArc may reasonably request (including as to the form of such information and level of detail) evidencing how Award monies have been spent and the financial forecasts of the Recipient with respect to the future spending of Award monies.
- 5.2. The Recipient shall ensure that LifeArc is kept informed as to the progress of, and all material developments concerning, the Research Program and shall provide LifeArc with such updates and other information with respect to the Research Program (including as may concern Technical Information, Arising IP and Background IP) as LifeArc may from time-to-time reasonably request.
- 5.3. Without prejudice to the generality of clause 5.2, the Recipient shall procure that the Lead Researcher will prepare and submit quarterly progress reports to LifeArc (on such dates as shall be reasonably acceptable to both Parties) in the format requested by LifeArc from time to time.
- 5.4. The Recipient shall procure that the Lead Researcher is available to meet and discuss progress of the Research Program with a representative of LifeArc at LifeArc's reasonable request.

- 5.5. In order to enable LifeArc to monitor the public benefit it is providing and to demonstrate the impact of its charitable activities, the Recipient shall keep LifeArc informed in a timely manner and in reasonable detail, of all material matters relating to:
 - 5.5.1. the preparation, filing, prosecution and maintenance of Patent Rights or other applications for statutory protection of the Arising IP, including disclosing to LifeArc the complete text of all such Arising Patents and applications therefor;
 - 5.5.2. the further development and commercialisation of, and/or any proposed Dealing with respect to, any Arising IP and/or the required Background IP identified in part 3 of the Award Terms.
- 5.6. Upon conclusion of the Research Program the Recipient shall procure that the Lead Researcher prepares, with reasonable skill and care, a Final Report. A preliminary draft of the Final Report shall be delivered by the Recipient to LifeArc within ninety (90) days of the conclusion of the Research Program in order that LifeArc may review and comment thereon. The final version of the Final Report shall be delivered by the Recipient to LifeArc within one hundred and twenty (120) days of the conclusion of the Research Program and shall take into account any comments provided by LifeArc.
- 5.7. If the Recipient fails to provide LifeArc with any information which LifeArc is entitled to receive under this clause 5, then LifeArc may serve written notice on the Recipient specifying the information which the Recipient has failed to provide and, if such information is not provided by the Recipient to LifeArc within thirty (30) days of such written notice, LifeArc shall reserve the right to cease to make available any unpaid part of the Award.

6. CONFIDENTIALITY

- 6.1. LifeArc shall treat all Confidential Information that it receives from the Recipient as confidential and shall not without the prior written consent of the Recipient disclose the same to any third party, or use the same for any purpose, in each case save for disclosure or use as a Permitted Purpose. The restrictions on use and disclosure of Confidential Information shall not apply to any part of the Confidential Information:
 - 6.1.1. in the public domain through no breach of any obligations of confidence by LifeArc;
 - 6.1.2. acquired by LifeArc from any third party without any obligations of confidence; or
 - 6.1.3. if and to the extent the Recipient has confirmed such information is not confidential.
- 6.2. Notwithstanding the terms of clause 6.1, LifeArc may disclose and/or use any Confidential Information to the extent that such disclosure or use is:
 - 6.2.1. approved by the Recipient;
 - 6.2.2. made in any report published by LifeArc concerning the activities of LifeArc, provided that such information so disclosed is summary in nature and does not disclose confidential and proprietary Background IP or Arising IP. A draft of the information concerning the Research Program proposed to be included in such report shall be provided by LifeArc to the Recipient reasonably (and in any event not less than 14 days) in advance of such publication to enable the Recipient to review and comment thereon;
 - 6.2.3. a disclosure made to any of its Affiliates (or any of its, or any of the foregoing's, directors, officers, managers, employees, consultants, advisors, and/or partners)

provided that, in each case, such recipient is subject to obligations of confidentiality and restrictions on use no less extensive than the terms set out in this clause 6; and

- 6.2.4. made to the extent required by any applicable law or regulation, the rules of any investment exchange or any order or direction of, or to, any court, tribunal, regulator or other governmental authority (including, without limitation, the Charity Commission for England and Wales and Office of the Scottish charity Regulator).
- 6.3. The Parties acknowledge that monetary damages alone may not be a sufficient remedy for any actual or threatened breach of this clause 6 and that equitable relief may be available in respect of any such breach hereof without proof of special damages.

7. DISCLOSURE OF THE AWARD

- 7.1. The Recipient shall use its best efforts to procure that any public announcement, disclosure or publication (in any media) concerning the Research Program or the Arising IP and which is made by (or with the approval or consent of) the Recipient, the Lead Researcher or any third party acquiring any interest in Arising IP includes a statement indicating that the Research Program received funding from LifeArc. Such statement shall be given no lesser prominence than any statement in the same announcement, disclosure or publication linking the Recipient to the Research Program.
- 7.2. The requirements of clause 7.1 shall not apply with respect to any public announcement, disclosure or publication to the extent, and in circumstances where it is reasonable to conclude, that: (i) the inclusion of such a statement would be inappropriate, highly unusual or unduly onerous; or (ii) the extent to which such public announcement, disclosure or publication concerns the Research Program or the Arising IP is minor and merely ancillary to some other substantive subject matter.
- 7.3. For the purposes of clause 7.2, it shall be presumed that a statement indicating that the Research Program received funding from LifeArc would be inappropriate in the context of a public announcement, disclosure or publication made by a third party concerning the development and/or commercialisation of the Arising IP (without reference to the Research Program or the Recipient).
- 7.4. Subject to clause 6, LifeArc may make public the purpose and amount of the Award in whatever way it thinks fit. The Recipient and Lead Researcher (as applicable) shall co-operate with LifeArc to effect such publicity.

8. ASSURANCES

- 8.1. The Recipient shall be solely responsible for the Research Program which shall be conducted with reasonable skill and care, in a timely manner, and in accordance with applicable laws and regulations, and good laboratory practice (and, if applicable, good clinical practice).
- 8.2. The Recipient shall at all times procure that adequate and appropriate protocols, procedures and other necessary arrangements are in place to ensure that any Serious Adverse Event arising in respect of any clinical study undertaken in the course of the Research Program shall be promptly identified, and that the Recipient and those conducting the Research Program appropriately respond to such Serious Adverse Event.
- 8.3. The Recipient shall procure that the Research Program will be carried on in a manner that seeks to ensure continued compliance with an appropriate Animal Welfare Policy and which demonstrates the Recipient's commitment to upholding appropriate welfare standards in connection with scientific research.

- 8.4. The Recipient shall comply with, and shall maintain in place adequate procedures designed to prevent any person associated with it violating, the UK Bribery Act 2010 and/or any other applicable anti-bribery or anti-corruption law(s) applicable to the Recipient.
- 8.5. The Recipient shall ensure the Research Program is undertaken with a view to safeguarding vulnerable groups (including children) impacted by the Research Program. The Recipient shall without undue delay notify LifeArc of any safeguarding incidents, allegations or concerns arising from or relating to the Research Program.
- 8.6. The Recipient confirms and undertakes as follows:
 - 8.6.1. all persons working on the Research Program (including employees, students, visiting workers and subcontractors) are employed or retained by the Recipient on terms that vest in the Recipient all right, title and interest in and to any Arising IP;
 - 8.6.2. save to the extent disclosed in writing to LifeArc by the Recipient prior to the date of the Award Letter (whether in the Application or otherwise), on the date of the Award Letter no third party has any right with respect to any Arising IP;
 - 8.6.3. so far as the Recipient is aware, the conduct of the Research Program shall not infringe the Intellectual Property or other rights of any third party; and
 - 8.6.4. save to the extent disclosed in writing to LifeArc by the Recipient prior to the date of the Award Letter (whether in the Application or otherwise), the Background IP identified in part 3 of the Award Terms is (i) owned by the Recipient; (ii) the Recipient is entitled to use the same to conduct the Research Program and to support the further development and commercialisation of the Arising IP outside of the Research Program; and (iii) the Recipient is not aware of any other Intellectual Property that will, or is reasonably likely to be, required to conduct the Research Program.

9. OBJECTIVES

- 9.1. The Recipient shall (and shall not engage in, or acquiesce to, any agreement or arrangement which would hinder or frustrate the ability of the Recipient to) use reasonable efforts in a sustained and diligent manner to conduct the Research Program, and to facilitate the further development and commercialisation of any Arising IP, in furtherance of the charitable objects of LifeArc.
- 9.2. The Recipient shall publish or otherwise disseminate research findings of the Research Program to the broader scientific community as soon as possible, although dissemination may be delayed for a reasonable period in order to prepare and submit applications for the protection of Intellectual Property in the corresponding Background IP and/or Arising IP.

10. TRANSFER AND CESSATION OF AWARD

- 10.1. Where the Lead Researcher transfers to another institution, the Award may only transfer to that institution with the consent of LifeArc, the Recipient and the new institution, and only if the new institution agrees to be bound by the Award Terms and Conditions. LifeArc may require that any equipment fully funded by the Award transfers with the Lead Researcher to the new institution.
- 10.2. LifeArc reserves the right to cease to make available any unpaid part of the Award in the event that:
 - 10.2.1. the Recipient breaches the Award Terms and Conditions;

- 10.2.2. the Recipient goes into administration or receivership, liquidation or bankruptcy, or if there is any change to the status or ownership of the Recipient that might affect its ability to comply with the Award Terms and Conditions;
- 10.2.3. the Research Program is modified or amended in any material respect without the written consent of LifeArc; or
- 10.2.4. having due regard to any information generated by, or otherwise concerning, the Research Program and/or its subject matter, LifeArc (after discussion with the Recipient) concludes that, in the opinion of LifeArc, any of the agreed Milestones are not likely to be achieved and LifeArc elects (in its sole discretion) not to waive such Milestones.

11. REPAYMENT, RESEARCH MISCONDUCT AND FRAUD

- 11.1. Save as provided by clause 11.3, the Recipient shall have no liability or obligation with respect to the repayment of the Award.
- 11.2. The Recipient shall:
 - 11.2.1. have in place formal written procedures for the handling of allegations of research misconduct and fraud and make those procedures available to LifeArc upon request; and
 - 11.2.2. notify LifeArc at the earliest opportunity after becoming aware of any allegations of research misconduct and/or fraud connected in any way with the Research Program, as well as the progress and outcome of any ensuing investigation into the misconduct. LifeArc shall treat all information received from Recipient pursuant to this clause 11.2.2 as the Recipient's Confidential Information.
- 11.3. In the event of any research misconduct or fraud by the Recipient (or the Lead Researcher or any individual working on the Research Program whose act, omission resulted in such materials breach or research misconduct or fraud concerned the Research Program): (i) the unpaid part of the Award shall cease to be available; and (ii) Recipient shall (at LifeArc's written request) reimburse the paid part of the Award that has not been legitimately expended (or otherwise legitimately irrevocably committed for expenditure) before the date of such research misconduct or fraud.

12. LIABILITY, INDEMNITY AND INSURANCE

- 12.1. LifeArc accepts no responsibility, financial or otherwise, for expenditure or liabilities arising out of the Research Program other than those specifically set out in the Award Terms and Conditions. Notwithstanding any other provision in the Award Terms and Conditions, LifeArc shall not be liable to the Recipient for any amount in excess of the amount of the Award. Without limiting the foregoing, LifeArc will not be liable for and shall not indemnify the Recipient, the Lead Researcher or any other person working on the Research Program against any claims for compensation or against any claims for which the Recipient may be liable as an employer.
- 12.2. Notwithstanding any delegation of its obligations to third parties, in accepting the Award, the Recipient undertakes to LifeArc sole responsibility for the obligations and liabilities of 'sponsor' under any relevant legislation, including under the Medicines for Human Use (Clinical Trials) Regulations 2004 or the Clinical Trials Regulation (Regulation (EU) No 536/2014), as applicable, each as amended from time to time, and shall ensure all other legal requirements in respect of such legislation are fully complied with. The Recipient acknowledges that LifeArc does not under any circumstances accept liability as 'sponsor' under any relevant legislation.

- 12.3. The Recipient shall indemnify and keep fully indemnified LifeArc and its Affiliates (together with each of their directors, officers, employees, consultants, advisors and partners) (each an “**Indemnified Person**”) from and against all losses (including all fines, penalties, damages and liabilities payable or owing to any person) together with all costs and expenses (including legal and other professional fees) (“**Losses**”) which may be suffered or incurred by an Indemnified Person arising out of, or in connection with, any claim threatened or made (whether or not involving any legal action or proceedings) by any person (howsoever arising) against any Indemnified Person arising from or occurring as a result of the conduct of the Research Program (a “**Third Party Claim**”), except if and to the extent such Third Party Claim is the result of the Indemnified Person’s gross negligence or wilful misconduct.

13. DATA PROTECTION

- 13.1. The Recipient explicitly accepts that:

13.1.1. all information that the Lead Researcher and/or any individual working on the Research Program and/or Recipient supply to LifeArc relating to the Award and the Research Program, including in the applications for funding and/or reports submitted to LifeArc or otherwise obtained by LifeArc in accordance with Award Terms and Conditions, will be used for the purposes of processing the Award, for the purpose of audit and/or evaluation of the Award and for the purpose of assessing the charitable benefit arising from LifeArc’s provision of the Award. LifeArc and the Recipient shall comply with their obligations under Data Protection Laws. Any data protection terms in this clause 13 shall have the meanings given to them in the Data Protection Laws. Personal data relating to individuals funded by the Award may be disclosed to and processed by external peer reviewers, some of whom may be based outside the United Kingdom and/or European Economic Area.

13.1.2. LifeArc may publish: (i) the name and place of work of the Lead Researcher and others funded by LifeArc under the Award; and (ii) the title and a non-confidential abstract of the subject matter of the Award, on its website or in its annual report or other publications reporting LifeArc’s charitable activities from time to time;

13.1.3. LifeArc and the Recipient agree that any processing operations under Award Terms and Conditions conform to the description set out in clause 16;

13.1.4. if the Recipient processes or receives or otherwise has access LifeArc’s personal data, LifeArc is the data controller and the Recipient is the data processor.

- 13.2. The Recipient agrees that it shall:

13.2.1. implement and maintain appropriate technical and organisational measures to meet the requirements of applicable Data Protection Laws; and

13.2.2. comply with its obligations and the requirements set out under Article 28(3) of UK GDPR.

14. MISCELLANEOUS

- 14.1. Each Party confirms that the Award Letter, which includes the Award Terms and Award Conditions, has been properly executed by it and comprises a valid and legally binding obligation enforceable against it in accordance with the Award Terms and Conditions and it has all rights, powers and authorities to accept the Award and perform the Research Program in accordance with the Award Terms and Conditions without the consent, approval of any authority or other person.

- 14.2. Save for as provided in clause 10.1, the Recipient may not transfer to any third party any of its rights, interests or obligations under, the Award Terms and Conditions. LifeArc may assign the whole or any part of its rights, interests or obligations under the Award Terms and Conditions to any Affiliate of LifeArc.
- 14.3. No failure or delay by any Party in exercising any right or remedy under the Award Terms and Conditions will operate as a waiver of such right or remedy, nor will any single or partial exercise or waiver of any such right or remedy preclude its further exercise or the exercise of any other right or remedy.
- 14.4. The Award Terms and Conditions constitutes the entire understanding between the Parties regarding provision and acceptance of the Award and supersedes any prior arrangements, understandings, promises or agreements made or existing between the Parties in relation to provision and acceptance of the Award. However, nothing in the Award Terms and Conditions purports to exclude liability for fraudulent misrepresentation.
- 14.5. No addition, amendment, modification or waiver of any term of the Award Terms and Conditions will be effective unless it is in writing and signed by or on behalf of both Parties.
- 14.6. If any provision of the Award Terms and Conditions is or becomes invalid, or is ruled illegal by any court of competent jurisdiction or is deemed unenforceable under then current applicable law from time to time in effect during the period of Award, it is the intention of the Parties that the remainder of the Award Terms and Conditions will not be affected thereby provided that the Parties' rights under the Award Terms and Conditions are not materially altered. It is further the Parties' intention that in lieu of each such invalid, illegal or unenforceable provision, there will be substituted or added as part of the Award Terms and Conditions a valid, legal and enforceable provision which in effect will be as similar as possible to the effect of the original invalid, illegal or unenforceable provision.
- 14.7. Any notice to be given under the Award Terms and Conditions shall be in English, in writing and shall be delivered:
 - 14.7.1. by Royal Mail signed for first class mail (if sent to an inland address) or by international courier (if sent to an address outside of the United Kingdom) to the individuals and addresses set out in part 2 of the Award Terms; or
 - 14.7.2. by email to either Party to the email address set out in the part 2 of the Award Terms; or
 - 14.7.3. such other address or email address as that a Party may from time to time notify to the other Party.
- 14.8. Notices sent as above shall be deemed to have been received on:
 - 14.8.1. the day of sending in the case of delivery by email (provided such email is sent during the normal working hours of the recipient and the sender does not receive an out-of-office, message undelivered or other auto-reply);
 - 14.8.2. one (1) working day after the day of posting in the case of delivery inland by Royal Mail signed for first class mail; or
 - 14.8.3. five (5) working days after the date of collection by the international courier.
- 14.9. An Indemnified Person may, with the written consent of LifeArc, enforce the provisions of clause 12.3.

- 14.10. Save as provided in clause 14.9, a person who is not a party to this Agreement shall not have any rights under the Contracts (Rights of Third Parties) Act 1999 to enforce any provision of the Award Terms and Conditions.
- 14.11. The Award and the Award Terms and Conditions shall be governed by, and construed in accordance with, the Laws of England and Wales. The English courts shall have exclusive jurisdiction in relation to any dispute arising under, or in connection with, the Award and/or the Award Terms and Conditions, provided that a judgment or order of the English courts may be enforced in any court of competent jurisdiction.

15. DEFINITIONS AND INTERPRETATION

- 15.1. In the Award Terms and Conditions, the following terms shall, unless the context otherwise requires, have the following meanings:

“**Affiliate**” means, with respect to any undertaking, any of its group undertakings.

“**Animal Welfare Policy**” means a programme or code of conduct which adopts the ‘3 R’s’ approach to ensuring high quality scientific research, those being:

- (i) Replacement – promoting the use of other methods;
- (ii) Reduction – reducing the number of animals used; and
- (iii) Refinement – minimising pain, suffering, distress or lasting harm, as well as improving the welfare of the animals used;

“**Arising IP**” means the Technical Information and Intellectual Property:

- (i) partly or wholly funded by the Award; and
- (ii) conceived, discovered, generated, developed or otherwise made in the conduct of the Research Program;

“**Application**” means the application submitted by the Lead Researcher to, and accepted by, LifeArc for funding, as further described in the part 1 (Award Details & Notices) of the Award Terms.

“**Award**” means the funding awarded by LifeArc to the Recipient to support the Research Program, as further defined in part 4 of the Award Terms.

“**Award Conditions**” means the award conditions set out in this document.

“**Award Letter**” means the letter sent by LifeArc to the Lead Researcher setting out the offer of the Award.

“**Award Terms**” means the details and terms set out in Schedule 1 of the Award Letter.

“**Award Terms and Conditions**” means collectively the Award Letter, Award Terms and Award Conditions.

“**Background IP**” means Technical Information and Intellectual Property of the Recipient (or its licensors) that is utilised in the Research Program, other than the Arising IP;

“**Clinical Practice Standards**” means guidance relating to medicines and clinical trials in force in the jurisdiction in which the Research Program is conducted;

“**Confidential Information**” means Technical Information of a confidential nature (including, without limitation, information communicated orally, electronically or in writing) relating to the Research Program and which is (as between the Parties) proprietary to the Recipient. For the avoidance of doubt, the existence of the Research Program, the Award Terms and Conditions and grant of the Award are not Confidential Information of the Recipient;

“Data Protection Laws” means any and all legislation in any jurisdiction applicable in force from time to time relating to the use, protection or privacy of Personal Data including:

- (i) the Data Protection Act 2018;
- (ii) the UK GDPR;
- (iii) the Privacy and Electronic Communications Regulations 2003; and
- (iv) any legally binding regulations, direction and orders issued from time to time under or in connection with any such legislation;

“Dealing” means:

- (i) any assignment, transfer, hypothecation, sale or other disposal;
- (ii) the granting of any right, title or interest (including by way of licence, permission, consent, authorisation or encumbrance);
- (iii) entering into any agreement, arrangement or undertaking not to enforce any right or restriction; or
- (iv) any other transaction or dealing;

“Drawdown Notice” means written notice which must include:

- (i) the amount of the available Award to be then paid;
- (ii) confirmation and supporting evidence that all Milestone(s) with respect thereto have been satisfied (or waived by LifeArc); and
- (iii) details of the bank account in the name of the Recipient to which such amount is to be paid;

“Final Report” means a report detailing the work undertaken in the Research Program, the Arising IP and the findings and conclusions arising therefrom;

“Intellectual Property” means any and all Patent Rights, trade marks, service marks, rights (whether registered or unregistered) in any designs, applications for any of the foregoing, trade or business names, internet domain names, copyright (including rights in computer software), know-how, processes, lists of suppliers and customers and other rights in respect of confidential or proprietary knowledge or information, rights protecting goodwill and reputation, database rights and all rights or forms of protection of a similar nature or having equivalent effect anywhere in the world and rights under licences and consents in respect of any of Intellectual Property;

“Milestone(s)” means the milestones listed in part 4 (Award Amount & Milestones) of the Award Terms (including any agreed amendments or waivers thereof);

“Party” means (as applicable) LifeArc or Recipient and **“Parties”** means both them;

“Patent Rights” means any and all:

- (i) patents;
- (ii) pending patent applications, including all provisional applications, continuations, continuations-in-part, divisions, reissues, renewals, and all patents granted thereon;
- (iii) all patents-of-addition, reissue patents, re-examinations and extensions or restorations by existing or future extension or restoration mechanisms, supplementary protection certificates or the equivalent thereof; and
- (iv) any equivalent of any of the foregoing in any jurisdiction;

“Permitted Purpose” means disclosure and/or use in connection with:

- (i) the monitoring and evaluation of the Research Program and Arising IP;

- (ii) the grant and administration of the Award; and/or
- (iii) the enjoyment and exercise of the rights conferred under, the performance of, and/or the enforcement of, the Award Terms and Conditions;

“**Research Program**” means the research program as set out in the Application (including any agreed amendments thereof), summary particulars of which are set out in part 3 (Outline of Research Program) of the Award Terms;

“**Serious Adverse Event**” means any adverse event or adverse reaction during any clinical study that results in death, is life threatening (being an event in which the subject was at risk of death at the time of the event), requires hospitalisation or prolongation of existing hospitalisation, or is anticipated to result in persistent or significant disability or incapacity, a congenital anomaly or birth defect;

“**Technical Information**” means all technical, scientific and other know-how and information, inventions, trade secrets, knowledge, technology, means, methods, processes, practices, formulae, instructions, skills, techniques, procedures, experiences, ideas, technical assistance, chemical structures and associated data, designs, drawings, assembly procedures, computer programs, apparatuses, specifications, data, results and other material (whether or not confidential, proprietary, patented or patentable) in written, electronic or any other form now known or hereafter developed; and

“**UK GDPR**” means Regulation (EU) 2016/679 of the European Parliament and of the Council of 27 April 2016 on the protection of natural persons with regard to the processing of personal data and on the free movement of such data, as it forms part of the law of England and Wales, Scotland and Northern Ireland by virtue of section 3 of the European Union (Withdrawal) Act 2018.

15.2. Unless the context otherwise requires, the following rules of interpretation shall apply to the Award Terms and Conditions:

- 15.2.1. words in the singular include the plural and in the plural include the singular;
- 15.2.2. use of any gender includes the other genders and neuter;
- 15.2.3. the terms “**undertaking**” and “**group undertaking**” shall have the meanings given thereto in the Companies Act 2006;
- 15.2.4. references to a “**person**” shall be construed so as to include any individual, firm, body corporate, Authority, joint venture, association, undertaking, partnership or limited partnership (whether or not having separate legal personality);
- 15.2.5. references to Schedule means a schedule attached to the Award Letter.
- 15.2.6. references to clause means a clause of the Award Conditions;
- 15.2.7. references in the Award Terms and Conditions to the word “include” or “including” are to be construed without limitation to the generality of the preceding words; and
- 15.2.8. the Schedules form part of the Award Terms and Conditions and shall have the same force and effect as if expressly set out in the body of the Award Terms and Conditions, and any reference to the Award Terms and Conditions shall include the Schedules.

16. DATA PROCESSING

16.1. Subject Matter

Processing is required for the granting, monitoring, auditing and evaluating the Award and the Research Program, including evaluating the charitable benefit arising from the granting of the Award.

16.2. Duration of Processing

16.2.1. In relation to granting and monitoring the Award and the Research Program, the duration of the Award (as set out in the Award Terms).

16.2.2. In relation to auditing and evaluating the Award and the Research Program, including evaluating the charitable benefit arising from the granting of the Award, during and after the end of the Award (as set out in the Award Terms).

16.3. Nature and Purpose of Processing

Storage and use of the personal data collected via applications for funding and/or reports submitted to LifeArc for monitoring, audit and evaluation purposes, and for use in any publications permitted under the Award Conditions.

16.4. Type of Personal Data

Name, title, work location, qualifications and work experience of Data Subjects.

16.5. Category of Data Subjects

Applicants, co-applicants, principal investigators/Lead Researchers, staff, students and other individuals referenced in the Application and/or involved in undertaking the Research Program.
